CAREER SUMMARY:

Aspiring Full Stack Developer with a strong foundation in the MERN stack (MongoDB, Express, React, Node.js) and front-end technologies including HTML, CSS, JavaScript, and Bootstrap. Eager to apply my skills in building responsive and dynamic web applications. Committed to learning new technologies and contributing to the development of innovative solutions.

WORK EXPERIENCE:

Techforge – Internship

Web Developer | Aug 2024-Present

- Developed and maintained responsive web applications using HTML, CSS, and JavaScript.
- Skilled in transforming design concepts into fully functional, responsive, and dynamic websites using modern web technologies.
- Experienced in creating responsive designs optimized for both mobile and desktop devices, ensuring cross-browser compatibility.

Full Stack Web Development Course
Techforge
Completed: July, 2024
- Trained in MERN stack (MongoDB, Express, React, Node.js)
- Built full-stack applications with front-end and back-end integration
- Gained hands-on experience with HTML, CSS, JavaScript, Git, Bootstrap, REST APIs

RELEVANT PROJECTS:

E-commerce Application (MERN Stack)

Full-Stack | 19 May, 2025 – 26 June, 2025
- Developed a complete e-commerce application using MongoDB, Express.js, React.js, and Node.js.
- Built an admin dashboard to securely manage products, categories, orders, and track sales.
- Created a responsive user interface with product listings, cart, checkout flow, and image upload, connected via REST APIs.
- Implemented user authentication and ensured mobile-friendly, cross-browser compatibility.
